more quality.
**THIS IS THE NEW
OFFER FROM FIXCER!**

**WE PROPOSE YOU TO
SUBSTITUTE THE TRADITIONAL
CEMENTITIOUS ADHESIVES WITH
ADHESIVES WITH A GEL TEXTURE
AND ALL ARE ADVANTAGES!**

THE ADVANTAGES OF CEMENTITIOUS ADHESIVES WITH A GEL TEXTURE

- 1.** It is easier to apply and requires less effort.
- 2.** Whites whiter!
- 3.** Variable consistency: you get normal or fluid texture depending on the amount of water you add.
- 4.** Normal texture with no vertical slip and its thickness does not decrease with very heavy ceramic tiles.
- 5.** With the fluid texture you save 20% in installation time.
- 6.** Maximum wettability on the back of the ceramic.
- 7.** Adjustability time much longer.
- 8.** Useful for all ceramic formats.

HOW TO CHOOSE YOUR ADHESIVE WITH A GEL TEXTURE

We have selected the best cementitious adhesives for each need: **ALL-PURPOSE USES**, **SPECIAL FOR SWIMMING POOLS**, **THICK LAYER** and **QUICK-SETTING**. Although we recommend that you try the advantages of the **GEL** texture, we keep 2 all-purpose use products with a traditional texture so that you can continue to choose in complete freedom.

ALL PURPOSE USES

SPECIAL FOR SWIMMING POOLS

THICK LAYER
